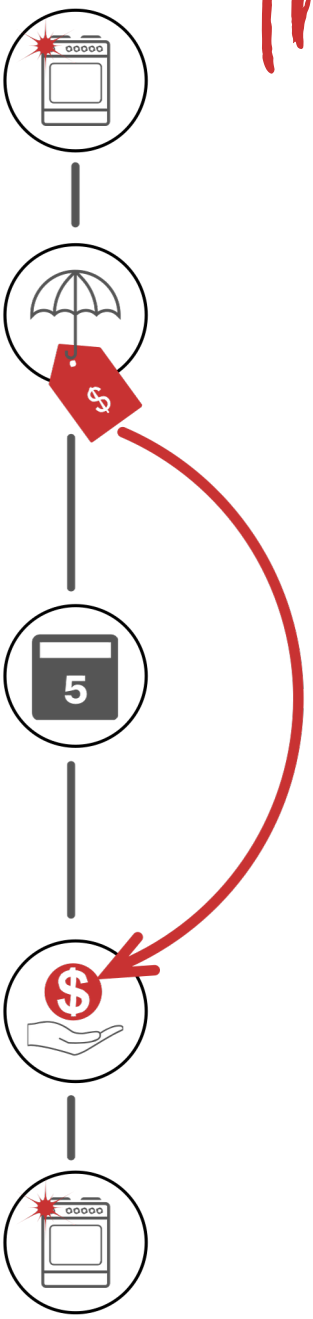
ABW EXCLUSIVE
WARRANTY CREDIT PROGRAM



Protect your investment, risk free! Bought a five-year warranty but never made a claim? At ABW you can credit the cost of your unused five-year warranty toward the purchase of any eligible ABW appliance for up to 18 months after warranty expiration.*

1. **Purchase a 5-Year Extended Warranty through ABW's preferred warranty provider, Consumer Priority Service (CPS).**

2. **No warranty claims for 5 years.**

3. **Transfer full cost of 5-Year Warranty into ABW credits, redeemable on any appliance at any ABW location for up to 18 months.**

*Terms and conditions:

Products purchased with up to a 3-year manufacturer warranty + CPS 5-year extended warranty are eligible for the ABW warranty credit program. Other combinations of manufacturer + extended warranties are not eligible. CPS 5-year warranties must be purchased at least 90 days prior to expiration of manufacturer warranty.

Warranty timeline begins when client takes possession of product and covers up to 8 years including manufacturer warranty. Warranty expires on that same day at midnight.

Upon expiration of an unused 5-year warranty service contract, client is responsible for initiating redemption of credits at ABW. After 5 years of no claims, client should contact warranty@abwappliances.com to confirm eligibility. Credits may be applied to a new ABW purchase for up to 18 months after warranty expiration.

Claims made under the manufacturer's warranty do not impact eligibility for ABW's warranty credit program. Any claims made during the 5-year CPS extended warranty period will render that contract ineligible for transfer to warranty credits.
